

WISCONSIN STATE ORGANIZATION

Duty

The EEC is duty-bound to work within the guidelines established in DKG International to strengthen the Society by supporting the mission and working to fulfill DKG Purposes while meeting members' needs, promoting leadership, and increasing membership.

Goal

The committee shall promote empowering women, advancing excellence in education, and increasing global awareness in its activities to support program, professional development, research, legislation/US Forum, and music/fine arts as represented within the state.

S.M.A.R.T. Goals

2021-2023 Biennium

1. Empower personal and professional growth of members by personally engaging with each chapter through a series of targeted mailings and phone calls regarding the programs and projects which fall under the purview of the EEC. Provide assistance in choosing appropriate and inspiring content for the biennium by creating referential guidance to help chapters target key focus areas.
2. Support members' passions and talents by highlighting successful projects, programs, and activities from our membership via "Spotlight Wisconsin" work gleaned from WSO chapter surveys. Present these programs and projects on the WSO website in an attractive, easy to access button, on the landing page.
